

<b>Project title</b>	Prioritize energy efficiency measures in public buildings: a decision support tool for regional and local public authorities
<b>Acronym</b>	PrioritEE
<b>ID Number</b>	1MED15_2.1_M2_205
<b>Website</b>	<a href="http://www.prioritee.interreg-med.eu">www.prioritee.interreg-med.eu</a>
<b>MED Community</b>	Efficient Buildings <a href="https://efficient-buildings.interreg-med.eu/">https://efficient-buildings.interreg-med.eu/</a>
<b>Type of Project</b>	Pilot Project
<b>Financing</b>	Interreg-MED - I Call
<b>Priority Axis</b>	Priority Axis 2 : Low Carbon Economy Fostering low carbon strategies and energy efficiency in specific med territories: cities, islands and remote areas
<b>Total budget</b>	2,234,295.85 €
<b>ERDF</b>	1,899,151.48 € (85% co-financing)
<b>Duration</b>	01/02/2017-31/07/2019
<b>Lead Partner</b>	National Research Council of Italy Institute of Methodologies for Environmental Analysis CNR-IMAA (IT)
<b>Partners</b>	<ul style="list-style-type: none"> <li>- Faculty of Science and Technology FCT-UNL (PT)</li> <li>- Centre for Renewable Energy Sources and Saving – CRES (EL)</li> <li>- Lucanian Energy Society - SEL (IT)</li> <li>- North West Croatia Regional Energy Agency – REGEA (HR)</li> <li>- University of Zaragoza – UNIZAR (ES)</li> <li>- Regional Development Agency of Western Macedonia SA - ANKO (EL)</li> <li>- Leziria do Tejo Intermunicipal Community (PT)</li> <li>- City of Karlovac (HR)</li> <li>- Provincial Council of Teruel – DPT (ES)</li> </ul>
<b>Associated Partners</b>	<ul style="list-style-type: none"> <li>- Regional Energy and Environment Agency from North Alentejo (PT)</li> <li>- Energy Efficiency Cluster of Aragon (ES)</li> <li>- Municipality of Potenza (IT)</li> </ul>
<b>Overall Objective</b>	To enhance policy making and strategic planning competences of local and regional public authorities in the energy management of public buildings in five Mediterranean countries: Italy, Portugal, Spain, Greece and Croatia.

<p><b>Main activities</b></p>	<p>Local and regional public authorities and professional institutions will work in strict synergy on three main pillars: Capacity building, Development of decision-making support tools, Communication and knowledge transfer.</p> <p>The PrioritEE activities are structured along the development and testing of a toolbox to manage and monitor energy consumption, to assess the cost-effectiveness of a predefined set of EE and RES measures and alternatives, and to prioritize investments. <sup>[13]</sup><sub>[SEP]</sub></p> <p>The toolbox will be implemented on 5 pilot case-studies (one per involved MED re-gion) and its adequacy tested in each of them in order to refine the proposed planning tool.</p>
<p><b>Expected Outputs</b></p>	<ol style="list-style-type: none"> <li>1. Common strategies in the MED area to develop energy consumption management plans for municipal public buildings (MPBs).</li> <li>2. The PrioritEE toolbox that will be used by local administrations <ul style="list-style-type: none"> <li>- to manage and monitor energy consumption,</li> <li>- to assess the cost-effectiveness of a predefined set of EE and RES measures and alternatives, and</li> <li>- to prioritize investments.</li> </ul> </li> </ol>
<p><b>Contacts</b></p>	<p>Monica Salvia – Project Leader monica.salvia@imaa.cnr.it</p> <p>Kiki Papadopoulos – Communication manager kpad@ces.gr</p>
