

Institute of Remote Sensing and Digital Earth, Chinese Academy of Sciences (CAS-RADI) - Institute of Methodologies for Environmental Analysis (CNR - IMAA)  
Bilateral Meeting

Welcome address to CNR-IMAA

- **Vincenzo Lapenna**  
*Director CNR – IMAA*
- 15.30 – 16:00
- **Graziano Schiavone**  
*Major of Tito*

CAS – RADI Research Activities on Remote Sensing

- **Bing Zhang**  
*Professor & Ph.D*  
*Deputy director of CAS-RADI*  
*Overview of RADI Institute*
- 16.00 - 16.45
- **Wenjiang Huang**  
*Professor & Ph.D*  
*Introduction of optical remote sensing research and applications*
- **Qiaoyun Xie**  
*Progress of the SINO-Italian project in China*  
*Ph.D Candidate*
- **Lianru Gao**  
*Professor & Ph.D*

CNR - IMAA Research Activities on Remote Sensing

- **Nicola Pergola**  
*CNR – IMAA Researcher*  
*Advanced satellite techniques for Early Warning and Near Real-Time Investigation of Natural/Environmental Hazards*
- 16.45 - 17.45
- **Filomena Romano**  
*CNR – IMAA Researcher*  
*Remote Sensing of Clouds and Precipitation from Space*
- **Gelsomina Pappalardo**  
*CNR – IMAA Researcher & Ph.D*  
*Remote sensing techniques for aerosol and clouds profiling*

17.45 - 18.30 Meeting with the local authorities and enterprises
